**Euroclean**

*Go anywhere, reach anywhere,  
with ease and comfort*

Confined and cluttered areas are easy to clean with the *Hip Vac*. The powerful motor and lightweight design increase productivity by up to 74 percent compared to traditional vacuums. The revolutionary ergonomic design of the *Hip Vac* enables cleaning staff to carry out their tasks with greater comfort. Its light weight enhances operator mobility and makes it easy to clean confined areas, making it the ideal solution for daily office cleaning.

The *Hip Vac* rests comfortably on the hips of the operator. Thanks to its small compact design, operators of all sizes have complete freedom of movement for all types of cleaning tasks. The motor is positioned to correspond to the body's own center of gravity, enhancing balance and minimizing fatigue.

**Heavy Duty Velcro Belt**

The belt strap is well padded and equipped with a safety buckle

**Tool Holder**

Everything is within reach

**50 foot Grounded Cord**  
For long cleaning reach

*Quiet, Clean Operation*

## STANDARD ACCESSORIES:

1. **Steel tube** Heavy duty two piece tube, for years of dependable use.
