

CaddyClean®

Patented

**- the lightweight for heavy jobs.
A unique versatile scrubbing
machine developed for professionals.**

CaddyClean® is designed with the user in mind, simple to handle and economical. The extremely low weight 4.9 lbs and practical design makes it ideal for cleaning in areas where manual methods presently are used.

CaddyClean® has an "ergonomically" designed handle with many features such as adjustable variable shaft length and angle. The heavy duty battery lasts up to 2-3 hours.

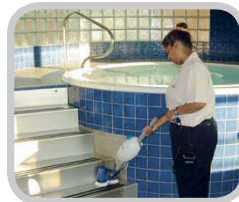

The brushes are designed for hard to reach areas, corners and niches. CaddyClean® has a snap on attachment grip for the scrubber head, for easy replacement.

Detachable scrubber head unit now with a handle.

Hard to reach areas in bathrooms, toilets and changing rooms etc.

Ideal for cleaning of staircases, scrubbing and polishing hard to reach areas.

Lightweight CaddyClean® makes cleaning of shower and tile walls really easy.

Optimized productivity and time savings - Freedom to clean

- Staircases, floors, base boards
- Walls, ceilings, columns
- Bathrooms, toilets
- Wood- and stone floor polishing
- Trains, buses, etc.
- Commercial kitchens
- Hard to reach areas
- Furniture, tables, etc.

Caddy Clean is based on a modular construction with a telescopic shaft, adjustable scrubber head and a solution tank designed with a electric pump that attaches to the handle.
